The Queensland Country Women's Association

(1922 -)

Born 1 January, 1922

Occupation Lobby group

Summary

Established in 1922, The Queensland Country Women's Association was declared by letters patent to be a Body Corporate on the 13th July, 1926.

It is a non-sectarian, non-party-political, non-profit lobby group and service association working in the interests of women and children in rural areas. Although ostensibly non-party-political, in practice the group has tended to bolster conservative politics and has supported traditional family roles for women. Historically, it was, however, also a progressive force in many ways, particularly in its encouragement of country women to take an active part in public affairs, and also in its lobby for and provision of services to rural areas.

Given its size and scope, it was arguably the most influential women's organisation in Queensland in the twentieth century.
